How to make Fluffy Slime

Squeeze 1 bottle of white glue into a medium bowl.

Stir in 1/2 cup to 1 cup of shaving foam (depending on how fluffy you want your slime.)

Add food colouring to colour desired and stir.

Add Borax solution a teaspoon at a time (until the mixture forms a clump in the bowl.)

Knead your Fluffy Slime.

Helpful Hints & Ideas

If it's too sticky, add more Borax solution.

If it need more glue, shaving cream or colouring you can knead that in.

If you would like your Fluffy Slime to be scented; knead in a few drops of essential oil.

You can even knead in texture - sand, glitter, foam balls, beads or even sequences.

Have fun!
